

LCUBE MSZCZONÓW

About the park

LCube Mszczonów, a planned investment, will be built on an 8-hectare plot located in Adamowice near the Mszczonów Południe junction. As part of the project, a state-of-the-art Class A warehouse with an area of over **31 000 square meters** will be constructed. The investment will be designed and delivered according to the **BREEAM Excellent certification** criteria.

The proposed investment is situated in Adamowice, located near Mszczonów, approximately **50 km from Warsaw**.

LCube has a valid building permit and is the owner of the land.

Aerial view
